

Teatown Environmental Science Academy (TESA) 2026 Schedule and Program Overview

June: Intro Sessions

Introduction Sessions: Evening sessions at Pace University on Wednesdays, June 3, 10, 17, 24; 6-8PM

- During the Introduction Sessions, you will learn from scientists about defining a research question, experimental design, data collection and analysis, and pressing environmental issues facing our region. Students are encouraged to draft a research project question/design during this period.

July-August: Research Activities

Orientation and Setup Week (1 week): Full class days at Teatown, June 29-July 2; 9:30AM-3:30PM

- During Orientation and Setup Week you will become acquainted with Teatown's lab space and outdoor preserve. You will work with our scientists to finalize your project plan and set up your experiment.

Open Lab Days (5 weeks): At Teatown, Tuesdays and Thursdays from July 7-August 6; 9:30AM-3:30PM

- Open Lab Days are for student data collection in the field and use of indoor lab space. Our scientists will be available to guide students through their data collection and check in on project progress.
- *Students must attend both Open Lab Days each week.*

August: Project Wrap-Up and Symposium

Final Preparation Week (1 week): Full class days at Teatown, August 10-14; 9:30AM-3:30PM

- Students will work with our scientists to complete final data analyses, prepare project posters, and practice their individual talks for the Final Poster Symposium.

Final Poster Symposium: At Teatown, evening of August 13; 6-8PM

- Students will present their research to their families and the public.

Celebration Day! At Teatown, August 14; 9:30AM-3:30PM

June 2026

Programming Notes: All Wednesday Introduction Sessions in June are held at Pace University, Building/Room TBD.
